

A terminal window titled "Terminal" with a dark background and light text. The window shows a user named "abinaya" at a machine named "AbinayaGP" in the directory "~/Desktop". The user has executed three commands: "cd Desktop", "cc hello.c", and "./a.out". The output of the last command is "hello worldabinaya@AbinayaGP:~/Desktop\$". The window has a menu bar with "File", "Edit", "View", "Search", "Terminal", and "Help". On the left side, there is a vertical dock with icons for a file manager, a terminal, a web browser, a file manager, a question mark, an Amazon logo, a notepad, and a grid of dots. The top status bar shows "Tue 23:22" and some system icons.

```
abinaya@AbinayaGP: ~/Desktop
File Edit View Search Terminal Help
abinaya@AbinayaGP:~$ cd Desktop
abinaya@AbinayaGP:~/Desktop$ cc hello.c
abinaya@AbinayaGP:~/Desktop$ ./a.out
hello worldabinaya@AbinayaGP:~/Desktop$
```
